Teacher's Pampering Bag

When your day's been filled with stress
and you've had all you can take,
Grab a hold of this Teacher's Pampering Bag
and take a little break!

Find a quiet corner, take a breath or two,
Then open up this pampering bag,
and see what's there for you.

What's this? A sweet treat?
"Oh, I shouldn't,- I'm on a diet."

One little piece won't hurt you, so go ahead and try it!
That fragrance looks intriguing, whatever could it be?
Why not dab a little on, and enjoy this luxury?

Lipstick samples—take one home, try out the latest look,
Wondering what's new this season?
Then check out the Look Book.

Now with the little vinyl bag, make your
pampering complete.

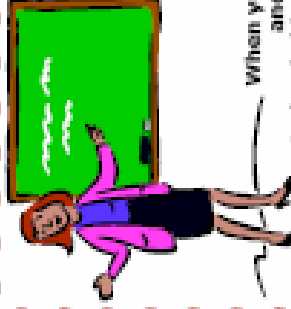

If you follow the instructions that are enclosed,
you'll experience a softening hands treat!

I hope that you've enjoyed this break,
but now please take heed!
It's time to pass this bag along,
to another teacher who's in need!

But wait, the fun's not over yet, the best is yet to come.
Reach in, grab my business card, give me a ring,
your complimentary facial and makeover
will be the most fun!

And don't you know, with Mary Kay,
the facial's never all that's free,
just share it with a friend or two,
and your favorite lipstick is on me!

Have a blessed day!

*Always there in demand,
To nurture little out reached hands.
Precious time and care you invest,
To guide, to teach, to love, to test.
The little hands and hearts you touch,
Appreciate you so very much.
A special hand to you we owe,
For all the small ones that you grow.
You help others to be all that can be,
It's because of teachers like you success in
life can be theirs to see!*

Thank you for being a dedicated teacher.
